Future State – With the goal of maintaining a consistency on W Rutland Square we would like to instal the same wrought iron fence our neighbors have at 58 W Rutland Square (image below)

Please note;

- We have received a quote from the same iron worker who installed our neighbor's fence and the goal is contract with him to ensure consistency
- Our neighbors at 62 W Rutland Square DO not have a wrought iron fence

We would like to put in this type of fence (this is the fence at 58 W. Rutland Square)

Our goal is to maintain consistency between our house and our neighbor at 58 W Rutland Square however, we are aware that there are more ornate fence posts.

To that end we are happy to work with the contractor to have him install one of the below fence posts.
